<u>Exempt Item</u>	
Shredder bags, #1824, clear, for high-security shredder model no. E-16 HC	
Exempt Item Product Code: 7528	

PERFORMANCE, PRICE, AVAILABILITY OR COMPETITION JUSTIFICATION
Performance:
Price:
Competition:
<p>Availability: LIMITCO programmatic requirements indicate that the plastic bags for use with this particular shredder MUST BE TRANSPARENT (clear) due to the sensitivity of documents being disposed. These bags are for use only with a specific high-security shredder machine.</p> <p>Research efforts by the INEEL have indicated that trash bags with recovered material (RM) content are opaque and colored, such as green or brown, because a coloring agent is added during the manufacturing process to cover up any imperfections. Research also confirmed that GSA has the colored trash bags with RM content but not the transparent bags. This was confirmed with 4 suppliers: GSA in Kansas City, Dimensional Packaging in Seattle, Gem State Supply in Pocatello, and Xpedx in Salt Lake City. These shredder bags are exempt based on availability.</p>
